The DOUBLE SLIDE system is the perfect solution for supporting very large monitors up to 136 inches or two parallel video monitors up to 90 inches each.
The VESA attachment system is very flexible, allowing for horizontal alignment up to 2.5 meters where two or more monitors can be placed aligned.
The DOUBLE SLIDE solution on the one hand satisfies the needs for stability and safety for large monitors, on the other it offers an ideal design even for sophisticated environments.
Furthermore, it allows the use of all the accessories of the SLIDE line such as sound bar brackets, minipc, extra tray and additional screens even in the rear position.
Its modern and innovative design includes a column with a retractable cable system.
