Flat panel steel-made floor stand. Very stylish, ideal for conference rooms, Conventions and Faires, services, and for all those applications in which is not possible to install the monitor on the wall. Base's dimensions, 700x900mm, allow for quick movement. The stand features trough doors and partition walls. The height of center line of the monitor is from 1400mm to 1650mm (50mm step) from the ground. In the inferior section there are 6 couples of inserts to mount 6 shelves max (3 in front and 3 in the back side). The system includes: Central pole, (160x120x1700 mm) with rear panel, one star base 700×915 mm with wheels and a plate for monitors with VESA interface up to 30". The height of the system is 188 cm. Time for stand assembly: 5 minutes.

Also available in:
