### IRIS pro is a support for ultra-short throw projectors EBL800 and EBL815

The height of the support is 83 cm allowing perfect viewing of the projection of the indicated support. The system also allows precise positioning and adjustment of the projector itself when needed. The support has the perfect wiring for the correct functioning of the indicated projectors. The support is equipped with 4 wheels for perfect movement but which remain hidden increasing the elegance of the support. It is completely inspectable on the 4 sides allowing easy interaction with the projector itself. All the inspectable walls are also lockable with a key so as to allow the safety of the inserted components. Inside there is a large space to accommodate the required technology. If necessary, a fully integrated 12-unit RACK can also be added as an accessory. In the upper part there is also the opportunity to include a soundbar of any brand.

There are the following color variations:

- Full Black
- Full White

- CHIC-Black and White
