SKU: 20374

Dimension	30x15x15 cm
Packaging Dimensions	40x16x17 cm
Weight	1,5 kg

Categories: Iris, Video Projector Mounts

It allows you to place any type of camera and videoconferencing system on top of the monitor itself.
This can be very large but also very small, thanks to the simple and easily adjustable system, always guaranteeing maximum stability and ease of use.
The design of this IRIS model is minimalist, but, at the same time, intuitive both for adjustment and for supporting even very bulky devices.

Colour: Black

- universal wall-mounted camera and videoconference support with cable covering system under the structure;
- easy to install, sturdy and beautiful structure able to hold and adjust the camera always in the optimal position;
- space for managing cables and any components such as transformers;
- made in ITALY, quality of products and components guaranteed by a historic company in its sector;
- system designed for video systems up to 5 kg, professional solution.
