OPTOMA: ZU1050-860

OPTOMA: ZK1050
OPTOMA zu725t
BENQ – LU9715_9215_9915
BENQ – PU9730
SONY – FHZ 120L

It is a micrometric adjustment system:

- +/- 3°: roll
- +/- 3°: pitch
- +/- 4°: yaw

Adjustment is achieved via the micrometric adjustment of three columns.
It is equipped with a standard EUROMET mount both above and below, allowing it to be attached in series with other optional accessories equipped with a standard mount.
On the lower plate, in addition to the standard mount, there is a provision for attaching a pair of clamps (not included; if necessary, order code 20977).
The KITE is equipped with comfortable rubber feet for possible ground support and a system that allows you to determine the 0 point and any subsequent adjustments.

IMQ Certification: EN 62368-1:2014+A11:2017 clause 8.7
