It is a universal accessory compatible with all UNIKA cages that allows the installation of 4 Eyebolts in the 4 cage Stacking positions.

The kit consists of 4 Eyebolts which replace the cage stacking pins, meaning that the 4 cage pins must be removed to fit this optional item. However, unlike 22591, the 4 Eyebolts can be fitted to either the top or bottom of the cage.

If the cage + optional item are ordered together, and if requested before placing the order, it is possible to obtain a cage with 4 pre-mounted eyebolts (if the TOP or BOTTOM position is not specified, the TOP position will be preferred).

Compatible cages: all UNIKA cages

Certification IMQ: EN 62368-1:2014+A11:2017 clause 8.7
