OPTIONAL UNIKA - ADDITIONAL PROFILE WITH 2 CLAMPS (LANDSCAPE)

SKU: 19563

installation	Truss-mounted cage
Mode	Landscape
Material	Iron – Aluminum
Color	Silver, Black
Treatments	Powder coated
clamp fixing to truss	48 – 51 mm
SWL (SAFE WORKLOAD)	500 Kg (each Clamp)
clamp fixing screw	M12

Categories: Unika

It is a universal accessory compatible with all UNIKA cages, it allows the installation of a TRUSS cage in LANDSCAPE position, thanks to a system made up of a profile bar on which 2 Clamp are mounted. Both the bar and the Clamp can slide (thanks to a simple lock/unlock system), allowing them to be aligned (and the distance between them to be adjusted) in any installation situation.

The code corresponds to a single "profile bar + 2 Clamps" which can be used both individually and in pairs, based on the required stability and installation difficulty.

The Clamps used (compatible with most Ø50mm truss types) has a 500kg load capacity for each Clamp and are equipped with a simplified locking system.

Compatible cages: all UNIKA cages

Certification IMQ: EN 62368-1:2014+A11:2017 clause 8.7
