Categories: Flat Panel Ground Mounts, Flat Panel Mounts

Professional stand/cart ground monitor mount developed for Video Conferences, featuring an optional upper camera shelf and predisposition for positioning the camera between the rack and the monitor. It is equipped with a comfortable and elegant 19” rack cabinet with plexiglass cover to install all the equipment necessary for the proper use of the monitor. Platea has also been designed so that the wiring of all devices remain hidden through the usage of holes passing through the rear of the structure. This support has supplied with wheels and designed with specific dimensions in order to allow easy transportation in any type of room or environment.
