Categories: Mic stands

A steel-made floor microphone stand, with a D.250mm. cast-iron base, and PVC inserts. Thanks to a new SLS (Self Locking System) the support will lock and it will automatically keep all positions. It is supplied with cable and a 3/8” thread adapter and M12x1 internal thread, M16x1 external thread. In order to facilitate transport it can be fully folded. It’s a great solution for conferences, drum amplification etc.
