SCENARIO DESK&TABLE WITH TURN

SKU: 24640

Typology	Ground Mounts
MAX LOAD	50 kg
DIAGONAL OF THE MONITOR	up to 65''
VESA	up to 600-400
Material	Iron – Aluminum
Color	Black
trolley dimensions	1106x906x94 mm

Categories: Flat Panel Mounts, Motorized Stand

Scenario Desk&Table with TURN is a motorized two-column monitor trolley.
In addition to the movement of over 50mm in height made with the two columns and an easily programmable control unit, it allows two other innovative movements:

- Table/blackboard:
  it can position the monitor both in a vertical position, like a blackboard, and in a horizontal position, like a table, and in all intermediate positions.
- Portrait/Landscape:
  The monitor in vertical position can also rotate 90 degrees thanks to the patented EUROMET system, TURN. Based on the type of image or programming, the monitor can be rotated to portrait or landscape position precisely and without the need for any block.
  The combination of these two movements allows the use of the monitor in countless functions.
  The standard bracket has a 600x400 VESA, the support can hold monitors up to 65” and 50 Kg
