Adjustable height, large base with wheels, maximum load of 50 kilograms, aluminum body, monochrome white finish.
The stand Slide is a brand new cart, its robust structure is conceived so as to ensure the total load reliability and stability in respect and compliance with applicable regulations especially on anti-tipping.
Modified from the aesthetic point of view and with a more appealing appearance is able to accommodate in total safety – thanks to a wide base– flat screens with a maximum weight of 50 kilograms and maximum dimensions equal to 75 inches.
An extremely versatile floor stand: 4 wheels to facilitate movement, central column that also acts as cable hole, height adjustable via convenient quick connection that slides on the column and can be locked with the practical knob.
VESA universal plate, up to a maximum of 600x400 mm.
The cart is designed for a wide range of applications: videoconferencing, corporate presentations, ports, airports, medical and school environments, offices, hotels, shops, glass, public spaces, exhibition stands.

It is compatible with any kind of environment, thanks to the rounded edges and elegant features, and also suitable for hosting touch screen monitors.

Finally it has a wide range of accessories that enrich its functionality such as:

- Plexiglass mounts
- Mounts for sound bar
- Bracket for Mini PC
- Additional bracket for second monitor
- Double Bracket for 2 Front/Back Monitors
