The adapter for trusses of the ARAKNO line allows you to hook ARAKNO directly to a truss / truss of any size in a stable and lasting way.
The component is easy to use because it allows the replacement of the plates to be attached to the ceiling and being universal, it is able to attach any Clamp.
This makes ARAKNO perfect also for rental installations for events and can be used on any truss.
The system confirms the effectiveness of the ARAKNO system thanks to the fixing with an Allen key.

N.B. The purchase of the adapter does not include Arakno

Arakno for Truss fits the following ARAKNO models:
